have the paper mailed to them to any
point on the Pacific Coast for 50 cents
per month, postage free.

Constitutional Amendments.

At the election this fall the people
will be called upon to vote for
or against the adoption of eleven
proposed amendments to the State
Constitution. This fact should
never be lost sight of. Amending
the fundamental law of the State
is a serious question and of too
much importance to the people to
be overlooked or lightly consid-
ered. It is important that the
question be submitted in such
shape that an honest expression of
the popular will may be obtained.
These proposed amendments will
be printed on all the election bal-
lots, and unless care is taken hun-
dreds of voters, in the excitement
of the moment, may be deceived
into voting for or against one or
all of the amendments without
giving the subject a moment's
thought, and in fact against their
better judgment. In order to in-
sure a fair expression of opinion
the ballots should be printed in
such manner that the voter shall
be required to change his ballot in
some way so as to show definitely
his opinion; or in case he fails to
do so, that his vote shall not be
counted. There are two safe ways
by which this can be accomplished.
Let the words "Yes" and "No" be
printed after each proposed amend-
ment, as suggested by the Legis-
lature, or leave a blank for the
voter to write the word "Yes" or
"No," as his judgment may dictate.
If the word "Yes," alone, or the
word "No," alone, be printed on
the ticket, hundreds of them will
be put into the box by uninter-
ested, careless voters, and thus we
shall obtain the judgment of the
printer and not the voter. The
printing of the tickets is generally
under the supervision of the
County Central Committees of the
different parties. The public in-
terest demands that they have the
ballots so printed that an honest
expression of opinion can be had,
and no voter deceived.

Reducing the Surplus.

The disposition of the surplus in the
U. S. Treasury engages the attention
of our Statesmen, but a more vital
question has our attention, and that is
the reduction of the surplus consump-
tives. Since the discovery and intro-
duction of Dr. King's New Discovery
for Consumption, there has been a
marked decrease in the mortality from
this dreaded disease, and it is possible
to still further reduce the number of
consumptives. How? By keeping
constantly at hand a bottle of Dr.
King's New Discovery and using ac-
cording to directions, upon the ap-
pearance of the first symptoms, such
as a cough, a cold, a sore throat,
a chest or side pain. Taken this early
a cure is guaranteed. Trial bottles free at
Hodgkinson's drug store.

Our Candidate for President.

He will be nominated by the con-
vention and will be elected by the peo-
ple, because he will come the nearest
to filling their ideal of a Chief Mag-
istrate. Electric Bitters has been
given the highest place, because no
other medicine has so well filled the
ideal of a perfect alternative. The peo-
ple have discovered Electric Bitters
and rely upon the great remedy in all trou-
bles of liver, stomach and kidneys.
For all malarial fevers and diseases
caused by malarial poisons, Electric
Bitters cannot be too highly recom-
mended. Also cures headache, consti-
pation. Satisfaction guaranteed,
or money refunded. Price 50 cents
and \$1 at Hodgkinson's drug store.

How He Advised.

A gentleman, living in a small city
in the West, had inherited consumption
from his father, and the doctor
told him he must die. He stopped
taking his weakening physic and
tried Dr. Pierce's Golden Medical Dis-
covery. In three months he was
strong and well. The gentleman's
neighbors knew he was sickly he for-
merly was, and asked him to state to
the public how he had been cured.
He advertised to lecture on a certain
evening in the public hall, and there
was a large audience present. This
was his lecture: A picture of himself
before and after he tried the remedy,
and five empty bottles of Pierce's
Golden Medical Discovery. He said
nothing, but convinced his audience
just the same.
It cures all—Dr. Sage's Catarrh
Remedy.

FROM WASHINGTON.

Senator Stewart Meets the Gen-
eral Land Office and U. S. Of-
ficials in This State.

UNITED STATES SENATE,
WASHINGTON, Sept. 8, 1888.

MY DEAR SIR:—I am sorry that the
Administration has come to the con-
clusion that it is necessary to make
malignant war on every material inter-
est in Nevada in order to carry out
State Democratic. You know very
well that I did all in my power to con-
ciliate the Administration for the pur-
pose of preventing hostile action
against the citizens of Nevada. Per-
haps I did more in that direction than
I ought to have done, and subjected
myself to criticism. I supposed that
my relations with the Interior Depart-
ment were such as to enable me to
represent the interests of Nevada in
that Department without any suspicion
of being actuated by partisan or im-
proper motives, for I certainly had
none. I know no difference between
Republicans and Democrats in my
State in any matter of business or in
the equal administration of the laws.

The first notice I had that the De-
partment regarded me as an enemy
was a scandalous publication in the
New York Herald by Mr. Stocklager,
Commissioner of the General Land
Office.

In 1866 I had the greatest struggle
of my life to prevent the confiscation
of the rights of miners by a sale of the
mines at auction, bidders and pur-
chasers to be protected by the army of
the United States, but when the law
was passed and the rights of miners
confirmed, it was supposed that the
right to mine carried with it the neces-
sary incident to use wood for that pur-
pose. When Mr. Schurz was Secre-
tary of the Interior he arrested a large
number of miners for cutting wood and
timber in the mining regions for min-
ing purposes, and after full discussion
in Congress, in which Mr. Sargent and
Mr. Blaine took the leading part, the
following law was passed on June 3,
1878:

That all citizens of the United States
and other persons, bona fide residents
of the State of Colorado, or Nevada, or
either of the Territories of New Mexico,
Arizona, Utah, Wyoming, Dakota,
Idaho, or Montana, and all other min-
eral districts of the United States, shall
be, and they are hereby, authorized and
permitted to fell and remove, for build-
ing, agricultural, mining, or other
domestic purposes, any timber or
other trees growing or being on the
public lands, said lands being mineral,
and not subject to entry under existing
laws of the United States, except for
mineral entry, in either of said States,
Territories or districts of which such
citizens or persons may be at the time
bona fide residents, subject to such
rules and regulations as the Secretary
of the Interior may prescribe for the
protection of the timber and of the
undergrowth growing upon such lands,
and for other purposes: Provided,
That the provisions of this act shall not
extend to railroad corporations.

This law, you will observe, expressly
authorizes the cutting of timber for
mining purposes in the mining regions.
Soon after Mr. Hayden was appointed
United States District Attorney he re-
commended that suits be brought
against all persons who had cut timber
for mining purposes throughout the
western part of our State. His letter
was kept secret until a portion of it was
read in the House of Representatives
on September 1st by one of the Demo-
cratic leaders, Mr. Burns of Missouri,
in opposition to my amendment. The
portion read appears in the *Congressional
Record* of September 6th as follows:

RENO, Nev., April 23, 1888.

DEAR SIR:—As the subject of this
communication falls within scope of
your circular of date May 7, 1886, re-
gisters and receivers of United States
land offices and special agents of Gen-
eral Land Office, issued by honorable
Commissioner and approved by honorable
Secretary, and is of importance to
the Department as well as to the Gen-
eral Land Office, I trust will prove a
sufficient excuse for making this com-
munication a joint one. As you are
doubtless aware, I have been appoint-
ed recently, and on the 4th instant
qualified as Attorney for United States
of the district of Nevada. Complaints
have been made to United States
Marshal Thomas E. Kelly of this dis-
trict, and to myself, as District At-
torney, within a few days past, that
for years and still continuing, hun-
dreds of men, mostly Italians, may
be thousands of them, have been
systematically engaged in cutting off
into cordwood or burning into charcoal
thousands of acres of timber on lands
belonging to the Government without
even the pretense of pre-empting it or
buying it from either the State or the
United States.

In the region about Eureka, in this
State, alone there has probably been
several hundred square miles of land
covered with a growth of nut-pine tim-
ber from 8 or 10 inches in diameter to
30, and from 8 or 10 feet to 30 feet in
height, and with cedar considerably
less in diameter and height, have been
swept bare, and probably one or two
million cords of wood have thus been
taken off public land, and mostly con-
sisting of mineral land, without any
color or pretense of right to the same,
all, too, for purposes of commerce, not
by miners for their mines, or for im-
provements on the land. In a district
of mineral land 30 to 40 miles away
from Eureka, and outside of the min-
ing district that embraced Eureka, on
or near the Eureka and Palisade rail-
road, at or near what is called Pine
Station, Alpha Antelope mining dis-
trict, Cedar Station, etc., there are some
Italians, or leaders among their
countrymen, who have grown quite
rich on these speculations or rather
wholesale robberies of the timber on
the public lands.

That railroad is constantly engaged
in carrying and in buying and selling
this wood at Eureka and no other
points, all directly contrary to the Act
of June 3, 1878, referred to by you in
your circular above referred to, and
contrary also to Section 4 of Act of
same date, providing for the sale of
timber land in Nevada, etc. (pages 60
and 90, 20 Statutes at Large).

ten other leading men have consider-
able amounts. The Eureka and Palisade
Narrow Gauge Railroad is engaged in
hauling it in their cars every day.
This wood last spoken of—four-fifths
of it is not over five inches in diam-
eter, and scarce one tree out of fifty is
over eight inches in diameter. The
fact is, all that land was culled and
cut over once, taking all trees of any
size, and now they are cutting it over a
second time and sweeping every
young tree and bush over two or three
inches in diameter.

These men have all been notified by
men owning mines right among this
timber to desist from cutting it; told if
they would leave what was standing
and haul off only that already cut they
would not be complained of. The
railroad company aforesaid has been
notified to desist hauling the wood
thus cut, but the parties thus com-
plaining have been treated with con-
tempt.

This information I have from a min-
ing man, the president and superin-
tendent of several mines in the im-
mediate vicinity of this timber land. His
motive, of course, is to preserve the tim-
ber for the lawful purposes provided
for by the Acts above referred to, na-
mely, for purchase and use for mining
and domestic purposes, now, as per-
mitted by the Act. He is verified in
his statements by the observation of the
Marshal, Thomas E. Kelly, who has
been very recently, namely, with-
in ten days or so last past, through
this country. In fact, the same state
of facts, of my knowledge, will be
found to exist in the vicinity of Austin,
White Pine, Belmont, Pioche and
every other large mining camp in this
State, and throughout all the moun-
tainous timbered regions of California
where examples have not been made.

I have no doubt that many thou-
sand cords of wood could now be found
and seized in various parts of the
State cut off of mineral land reserved
from sale and public land not sold. I
have no doubt this state of affairs will
continue unless examples are made.
I have no doubt large recoveries could
be made from persons taken red-
handed in the act. I have no doubt
the former register and receiver of the
Eureka land office must have known
or shut his eyes and ears to keep from
knowing about this wholesale robbery
of the timber of the United States out-
in the eastern part of the State. There
is but little timber of any kind near
Carson, east of California State line,
except what was fairly purchased, or
at least pre-empted or purchased, by
men who appeared to have fairly pre-
empted or purchased such timber
bona fide.

These complaints have only come to
my ears since I have been officiating
as United States District Attorney; yet
I feel they are true or far less than the
truth; that any honest, capable investi-
gation will demonstrate the entire truth
of all that has been said. The General
Land Office has been promising, in one
or two cases I know of, to send out a
special agent to investigate land irregu-
larities in this State.

To develop the amount of these tim-
ber spoliations, to recoup what can be
done would require a smart, quick,
active agent with largely developed
detective facilities to go around these
several mining districts and ascertain
approximately what amount of timber
or wood has been stolen, who stole it,
what witnesses can prove it, and then
like a thunderbolt, make or have made
his arrests and seizures of wood and
timber remaining, and in appropriate suits
to recover values from all solvent per-
sons and corporations.

I would do all in an individual's power
to prosecute, convict and punish these
bold robbers of the public domain, but
without the direction and assistance of
the proper department—its influence,
direction and means at our back—we
can do but little and might be blamed
for that, both by the Government, on
account of the expense incurred, and
the citizens and communities affected.

So, gentlemen, we most respectfully
refer these matters to you. If you think
these people ought to be prosecuted for
laying waste the small amount of not
very high or very thick timber in this
State, and that acts of Congress should
be enforced, then send a special agent,
or appoint one here to the manner
born to investigate these charges, to
marshal the evidence and array the
witnesses. I can put him on track in
some cases, refer him to persons and
their residences that will take warm
interest in giving him all the informa-
tion and assistance in their power.

If you do not think that course ad-
visable, please inform me of your views
and wishes in the premises.

I have the honor of being your obedient
servant, THOMAS HAYDON,
United States District Attorney of
Nevada.
L. C. LAMAR, Sec. Interior.
WILLIAM A. J. SPARKS,
Commissioner General Land Office.
There is over \$300,000 appropriated
by the sundry civil appropriation bill
for spies, informers and litigants in the
public land States and Territories. To
prevent the use of this in prosecuting
miners in Nevada I offered an amend-
ment to the bill, which was adopted, as
follows:
That no part of the money appropri-
ated by this Act shall be used in the
investigation of any case or the pro-
secution of any person in the mining
region of the United States for cutting
for mining or domestic purposes, dwarfed
or scrubby timber unfit to be
sawed or hewed into timber of commercial
value.

This was the immediate occasion for
the attack on me. You will observe
the law allows miners to cut any
kind of timber for mining and domestic
purposes in the mining regions, and
that I confined my amendment to
scrubby timber unfit for commercial
purposes, which was sufficient to pre-
vent prosecutions in the eastern part
of the State where no other timber
grows, and I confined the use of the
wood and timber so cut to mining and
domestic purposes, which did not in-
terfere with the prosecutions contem-
plated by the Department against rail-
roads or corporations which cut or use
timber for commercial purposes. If
the use of timber for smelting ores,
which cannot be mined and reduced
by any other process, is not for mining
purposes, I am wholly ignorant of min-
ing and also of the English language.
The Administration is acting on some
kind of information which satisfied it
that the people of Nevada desire to
have the Italians particularly, and all
persons in general who have cut
timber on the public lands for min-
ing purposes, prosecuted, and the
further cutting of timber stopped, and
that hereafter no wood shall be cut in
the mining regions for any purpose
whatever, but that it should be re-
served for future generations, as they
phrase it. If there is a general and

popular desire for these prosecutions
(which, of course, must fail, because
the law authorizes it), I should like to
be informed of the fact. The only
possible result that can happen will be
a large number of vexatious suits, a
large amount of fees for officers, and
an excuse for the appointment of spies
and special agents to infest our State
and spend appropriations which a
Democratic House insist that the Com-
missioner of the General Land Office
shall have and use in the employment
of political detectives and hangers-on
to gratify politicians and enable them
to reward those who have been serv-
iceable, or to send into honorable
banishment those who have become
inconvenient at home.

Kindly inform me if any consider-
able portion of the people of our State
who are not interested in fees, or the
prospects of fees, as officers, attorneys,
agents, or employees of the Govern-
ment in the proposed raid on our peo-
ple, really desire a general prosecution
of persons who are innocent of the
violation of any law.

Yours, very truly
WM. M. STEWART.

HOTEL ARRIVALS.

DEPOT HOTEL—J LaPiere, F Shrenberg, San Francisco; L J Rosenberg, Oregon; J E Kirkpatrick, Stockton; C W Grover, G Russell and son, Elko; C Parker, Virginia; W J Brandon, H M Dillard, Stillwater; R Greenham, Como.

JOTTINGS.

F. Levy & Brother, the leaders. Judge Bigelow wants a servant-girl. Mayo Greenlaw, dentist, Virginia street.

F. Levy & Brother are never under-sold. Meals twenty-five cents at the Pioneer hotel.

Nashy has lost a pair of eye-glasses. See fifty-cent "ad."

The best and cheapest boots and shoes at Sunderland's.

Guests at the Depot hotel bestow lavish praise on the culinary department of the establishment.

Fine saddles, harness, robes, whips, bridles and collars at Leeper's, corner of Fourth and Sierra streets, Reno.

Don't buy any men's and boys' clothing or underwear until you examine Sunderland's stock, styles and prices.

J. F. Aitken's ice trade was never as good as at present, the reason being that he never fails to serve his customers.

For lead pencils, slates, writing paper, novels, toys, bird cages and genuine Vermont maple syrup, fresh from the sugar groves, go to C. J. Brookins.

C. A. Thurston keeps on hand a first-class stock of albums, choice books for the parlor, and the latest novels, and smokers will find his supply complete.

The John Wieland saloon sets a fine lunch every day during the lunch hour, which is served free to every purchaser of a schooner of the famous Wieland lager beer.

A schooner of either Boca or Anheuser beer and a hot meal can be had at J. J. Becker's Chicago saloon for 12 1/2 cents. Drop in there any time between 11 A. M. and 2 P. M. and be convinced.

Fair visitors are informed that Miss Gibbs, Virginia street, keeps constantly on hand millinery goods of every description, fancy work, etc., which she is selling at most reasonable prices. Call and be convinced.

Thousands of Dollars

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in Santa Abie, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker at \$1 a bottle. Three for \$2.50.

The most stubborn case of catarrh will speedily succumb to California Cat-Cure. Six months' treatment for \$1. By mail \$1.10.

Take Ayer's Pills and be cured. Mischief is made today to describe the sufferings of body and mind caused by habitual constipation. A moderate use of Ayer's Pills will invariably regulate the bowels.

Why suffer with Bleeding, Blind, Itching and Ulcered Piles, Catarrh, Old Sores, Chapped Hands, when a few applications of Fryer's Abietine Ointment is guaranteed to effect a cure. Price, at cents. Sold by Wm. Pinner. All genuine Abietine preparations bear the fac-simile signature of D. F. Fryer.

Caution! Beware of every description, whether in the month, throat or stomach, expelled from the system by the use of Ayer's Balm. This medicine invariably proves itself worthy of all that can be said in its favor. Sold by druggists and dealers in medicine. Price 5c. Six bottles for \$2.

BREVITIES.

Local and General Intelligence.
The wife of W. E. Mitchell, the weaver, is seriously ill.

George W. Crum, the cattle baron of Lander county, is in town.

The miners of Cherry Creek are all flourishing. Some of the Taylor miners are going in there.

Although this was "Reno Day" at the State Fair many of our business houses kept their doors open.

A mill is to be erected in Washoe valley for the accommodation of the gold-quartz miners of Junbo District.

Deputy Sheriff Hayes yesterday arrested at the Fair grounds Robert Collins, an escape from the Utah penitentiary.

Sadie Phillips, daughter of W. D. Phillips, will make her debut at the Nevada Theater this evening as Eva in "Uncle Tom's Cabin."

Twelve carloads of cattle passed through Reno yesterday to M. Brandenstein & Co., San Francisco, from L. Godchaux, Winnemucca.

The passenger train from the west arrived this morning loaded and deposited a goodly sprinkling of passengers to take in the State Fair.

At Eureka the other day, Matt Rachel cut Mitch Gregovich with his knife with murderous intent, and now languishes in jail, awaiting the action of the Grand Jury.

Mr. P. B. Constock reports a break in the Mayberry ditch on Morrill's ranch, which will require a couple of days to repair and may require the flow of water to be shut off.

Aleck McCone of the Virginia Fullon foundry, and his sister, Miss Dollie, the fair editress of the *Orphans' Appeal*, during the Sister's Fair, are down here taking in the Fair.

Constock Council No. 1, O. C. F., has paid \$3,000 to the widow of Wm. Drysdale, the miner who died from injuries received in the shaft of the Con. Va. about two months ago.

The examination at Winnemucca of Rafael Felix upon a charge of horse stealing was concluded Tuesday, and the defendant was held to answer before the Grand Jury with bail fixed at \$2,500.

Frederick Preusch, who shot John Doyle in Virginia City recently, was admitted to bail yesterday by Justice Kehoe in the sum of \$2,500 and last evening was out of jail, the required amount having been provided.

The railroad company has changed the name of Raspberry Station, between Rose Creek and Mill City, to Cosgrove. The company has also established a new station named Woolsey, between Lovelocks and Oresana.

The Harney Valley Items says William Page and William Brown became involved in an altercation at Burns, Harney valley, which resulted in the killing of Brown by Page, a week ago last Saturday.

Two scrapping matches between noted Renolites marred the serenity of the atmosphere of the Fair grounds yesterday. Names are unnecessary to mention as they bear the marks of the conflict on their battle scarred brows.

There is a big excitement at the Occella placer mines, Eastern Nevada. The dry washing machines are surprising "the oldest inhabitants." They show a handsome yield of gold from ground that was thought to be worthless.

A blank page on every hotel register greets the eye of an observer now-a-days, and while he deduces therefrom that the house is vacant, the contrary is the case. All the rooms in town are full and the tired fist of the hotel clerk is taking a vacation.

The scarcity of beds in town is proving extremely inconvenient and uncomfortable for the host of visitors pouring in to attend the Fair. Not a bed is procurable and the people of Reno are being praised by visitors all around at the reasonable prices for accommodation they maintain notwithstanding the pressure of the demand.

Yesterday evening's train pulled out at half-past 5 o'clock leaving nearly all the members of the Emmet Guard behind. The boys were bound not to be left in the lurch, however, as many of them were miners and had to go to work in the morning, and Captain Dunne hied to the telegraph office and telegraphed Superintendent Yerington, who instantly dispatched a special train for the boys. It left here at half-past 7 o'clock and made such quick time that it would have passed the regular train only for the single track.

With both trains running several derelicts were left over, notwithstanding.

AMUSEMENTS.

McKISSICK'S OPERA HOUSE.

The above-named Temple of Thespis was crowded last evening to witness the Neil Warner company in the melodrama entitled "Time and the Hour," with the star in his great role of Sir Philip Deverill. The same painstaking care and attention to details which has characterized the previous performances were noticeable in this, and the audience last evening testified their appreciation in a lavish manner.

To-night "Othello" will be given, with Neil Warner as the fiery Moor and Miss Belle Chipendale as Desdemona. Reserved seats at Nashy's Bazaar.

THE NEVADA THEATER.

A GAZETTE representative was unable to attend the performance at the Nevada Theater last evening, which accounts for the following excerpt from the *Journal*: "The largest and most fashionable audience of the week greeted the players who appeared in the great temperance lecture depicted in the popular drama 'Ten Nights in a Bar-room.' Miss Lottie Wade, who appeared as Willie Hammond and Mrs. Morgan, did full justice to her well-earned reputation as a versatile actress. Carrie Clarke Ward as Mahitabel, looked and acted as if she had just dropped from 'Way Down in Maine.' Her song was enthusiastically received. Mr. James M. Ward, as the inebriate father, gave a strong and artistic picture of the poor degraded drunkard. Little Mabel Boston, as Little Mary Morgan, acquitted herself as usual with the ease and grace of a professional. Her dying scene was very pathetic and realistic. The rest of the characters acquitted themselves satisfactorily. To-night 'Uncle Tom's Cabin' will be presented in which little Sadie Phillips will make her debut as Little Eva."

STATE FAIR.

THE LIVE STOCK ON EXHIBITION.

The Races To-Day—A Large Crowd in Attendance—Fair Notes—Etc.

The Stock Display.

The exhibit at the Fair grounds in the department set apart for stock, while not as extensive as was anticipated by the Directors, is by far one of the best yet made in Nevada, and is sufficient to show the great progress made in our most prominent industry during the last few years. Many of the animals have pedigrees which extend back for a score of years, and have been prize-winners in many fairs. The blooded cattle on exhibition are a constant source of delight to their admirers and owners, and the latter seemingly never tire of expatiating in an enthusiastic strain on their many meritorious points. The horses, too, are a noble lot, and range from the native roaster to the animal descended in a direct line from the monarchs of a century ago.

THE EXHIBITS.

E. W. Crutcher the well-known stockman of Paradise valley; never fails to put in an appearance at the State Fair and this year he has on exhibition a fine herd of choice animals from his breeding farm, sixteen in number, consisting of a Hereford cow and calf, three Hereford-Durham graded calves, one three-quarter Hereford and one one-quarter Durham calf, a Polled Angus bull, two cows and a calf, a Galloway bull and four cows. He also has a herd of thoroughbred two-year-old Galloway bulls at Bagley's place, near the track, which he is offering for sale.

Joe Marzen of Lovelock has a magnificent herd of Shorthorns, twenty-seven head, and a Hereford calf. All of the animals are thoroughbreds, from the noblest strains of England.

Governor C. C. Stevenson enters a herd of seven Shorthorn-Durham cattle.

Mrs. M. O. Lonkey of Reno enters two stallions, one yearling mare and eight Shorthorn-Durham cattle.

James Sullivan of Glendale enters yearling roaster stallion; two-year-old roaster stallion; three-year-old roaster mare.

W. J. Luke of Reno enters two-year-old graded mare; yearling roaster stallion; two-year-old roaster mare.

Wm. Ball of Washoe enters one four-year-old Jersey cow.

Henry Stephens of Glendale enters one three-year-old mare.

Wm. Shaft of Reno enters one six-year-old roaster stallion; one yearling roaster stallion.

O. C. Ross has a matched team of a 4-year-old roaster gelding and 4-year-old mare.

Robert Steele of Glendale, enters 2-year-old mare of all work.

James Steele of Glendale, enters saddle horse.

Northrup of Reno, enters colt under 1 year.

Dr. Hogan of Reno, enters 4-year-old graded mare with colt under 1 year.

Robert Jones of Glendale, enters two mares of all work; one stallion of all work.

Alf. Hill of Reno, enters 6-year-old single gelding.

B. C. Maris of Reno, enters 9-year-old draft stallion; 9-year-old roaster mare; 2-year-old roaster stallion.

Robert Eason enters 4-year-old draft stallion.

M. Gulling of Glendale, enters 4-year-old Holstein bull; 5-year-old Holstein cow; 2-year-old Holstein bull; yearling Normandy stallion; yearling graded bull; 3-year-old stallion of all work.

Wm. Miller enters 3-year-old graded stallion.

A. J. Smith of Glendale, enters matched team.

Mrs. S. E. Roberts of Winnemucca, enters 4-year-old draft stallion.

Steve Ede of Glendale, enters two draft mares and colt under 1 year.

Len Allen of St. Clair enters 9-year-old thoroughbred stallion; 5-year-old thoroughbred mare; 3-year-old graded stallion; 2-year-old graded stallion.

D. T. Machormish of Reno, enters matched team of greys.

George Douglas of Reno, enters 1 3-year-old stallion of all work.

L. Dean of Reno, enters 1 yearling Shorthorn Durham bull.

Sparks & Tinnin of Wells, enters 1 6-year-old stallion of all work.

Wm. Caughlin of Reno, enters 1 4-year-old roaster stallion.

one 3-year-old Holstein bull; one 3-year-old Holstein bull; two yearling Holstein bulls; four cows, 1, 2, 3 and 4 years respectively; two calves under 1-year-old.

E. C. Hardy, the enterprising Manager of the Oasis Ranch Company in Elko county, as usual, makes one of the finest exhibits at the Fair, and his string of Norman-Percheron stallions always attracts an admiring throng. He has on view "Gambetta," a fine dapple-gray, four-year-old, full-blooded Percheron stallion, weighing 1650 pounds; "Rolo," a heavy-set, full-blooded Norman colt, two-year-old, weighing 1400 pounds; "Hammond," a rangy three-year-old black stallion, weighing 1500 pounds; "Maderel," a blocky iron-gray draft stallion, three-year-old, weighing 1600 pounds; and "Blanco," a black Percheron stallion, three-year-old, weighing 1400 pounds. All of the animals have the broad, arched neck characteristic of the stallions approved by the Government of France.

At the Track.

The first race on the programme was a mile and repeat running race for a purse of \$300 in which Susie S. and Dave Douglas started. Susie S. won the first heat handily in 1:47, and repeated the performance in the second heat in 1:45 1/2, a rattling pace. In the trotting race for the 2:40 class, William P. Eva W. Cricket and Engineer started. The first heat was won by Cricket, by a nose, in 2:53 1/2. Engineer was distanced.

In the second heat Eva W. was the victor. Time 2:53. The third heat was a repetition of the preceding one. Eva W. winning in 2:53 1/2. [The other and concluding heat took place too late for this issue.] For the special race, best three in five, Pasha, Ned and Sam Lewis started. The first heat was interesting only for the number of breaks made by the contesting horses. First Pasha went up, then Sam Lewis, and finally Ned, a performance which they alternately went through throughout the course. On the stretch Ned was in the lead, but in a critical moment he broke, and Sam Lewis passed under the wire a length ahead, Sam Lewis second, Pasha third. Time, 2:35 1/2. [The GAZETTE's report closed at this time.]

Fair Notes.

Another large crowd at the grounds to-day gladdened the hearts of the Directors.

The Directors of the State Fair have extended an invitation to the school children of Virginia City to attend the Fair.

The exhibits at the pavilion are now all in place, and the Committee of Awards will commence work to-morrow.

The outside bar at the Fair, notwithstanding the war over the change of ground, is as lively as a beehive, with three men on deck.

The stock parade this morning was a most interesting feature of the programme at the track. Lack of space alone prevents a detailed account of it. Quite a number of houses patriotically displayed the flag of the Union in honor of the fair day. It was a pity all didn't join in.

During the present fair time a visitor from Carson, taking advantage of the season, hired a four bit room and sublet the premises to a dozen or so of floor sleepers, much to the disgust of the proprietor of the house, who indignantly fired them all out on short notice. Put a beggar on horseback and he will ride it to death.

To-morrow's Programme.

No. 15.—Running, half-mile and repeat, for district horses; purse \$150; \$100 to first, \$50 to second. L. Steiner enters Rondo, Small & Whelan enters Ogdena, Alcatraz and Panama, J. P. Sweeney enters Lockout.

No. 16.—Running stake for two-year-olds, one mile; \$300 added to purse. Theodore Winters enters Don Jose, Wm. M. Murray enters Almont. Other races are now being prepared by the Directors.

Keyes Mining Company.

The stockholders election of the Keyes Mining Company, ordered by the Superior Court to take place on Tuesday in San Francisco, resulted in the removal of the old Board of Directors and the election of an entirely new Board, with Frank Shay still President and Colonel P. J. Keyes Superintendent.

Work Horses for Sale.

Chat Roberts advertises for sale in this issue twenty-six head of work horses, harness and eight wagons, all in complete order, and will give twelve months time in which to pay for them provided approved security is given. This is a rare bargain as Mr. Roberts has no further use for them.

Anderson & Johnson.

Claus Anderson, of the above named well-known tailoring firm of Sacramento, arrived last evening and can be found at the Depot hotel, where he has a large assortment of samples in the clothing line which are on view for the inspection of the public. Many of our best-dressed men in Nevada are patrons of the firm, and are walking advertisements of this excellent establishment. Mr. Anderson will be on hand at all hours to show his samples and take orders.

The Children's Circus.

The merry go-around at the racetrack catches the little folks. It was built by Brown and Syckholm, two worthy young men who live near Reno, and who paid \$25 to the Society for the privilege of setting it up.

Irritation of the Throat and all Lung Troubles are quickly relieved and permanently cured by Fryer's Abietine Ointment. (It contains no opium.) Price, 75 cents. Sold by Wm. Pinner. All genuine Abietine preparations bear the fac-simile signature of D. F. Fryer.

Why cough and suffer with a cold when Fryer's Abietine Ointment is guaranteed to give immediate relief in Croup, Whooping Cough, Bronchitis and all affections of the Throat and Lungs. Price, 75 cents. Sold by Wm. Pinner. All genuine Abietine preparations bear the fac-simile signature of D. F. Fryer.

Fryer's Abietine Ointment is guaranteed to give immediate relief in Croup, Whooping Cough, Bronchitis and all affections of the Throat and Lungs. Price, 75 cents. Sold by Wm. Pinner. All genuine Abietine preparations bear the fac-simile signature of D. F. Fryer.

AYER'S PILLS

CURE HEADACHE.

Headaches are usually induced by costiveness, indigestion, foul stomach, or other derangements of the digestive system, and may be easily cured by the use of Ayer's Pills. Mrs. Mary A. Scott, Portland, Me., writes: "I had suffered dreadfully from Sick Headache, and thought myself incurable. Disorder of the stomach caused it. Ayer's Pills cured me entirely."

CURE BILIOUSNESS.

Ayer's Pills act directly on the digestive and assimilative organs, influencing healthful action, imparting strength, and eradicating disease. G. W. Mooney, Walla Walla, W. T., writes: "I have suffered from Dyspepsia and Liver troubles for years past. I found no permanent relief, until I commenced taking Ayer's Pills, which have effected a complete cure."

CURE INDIGESTION.

Ayer's Pills act directly on the digestive and assimilative organs, influencing healthful action, imparting strength, and eradicating disease. G. W. Mooney, Walla Walla, W. T., writes: "I have suffered from Dyspepsia and Liver troubles for years past. I found no permanent relief, until I commenced taking Ayer's Pills, which have effected a complete cure."

CURE RHEUMATISM.

Rheumatism is among the most painful of the disorders arising from vitiated blood and derangement of the digestive and assimilative organs. Ayer's Pills relieve and cure Rheumatism when other remedies fail. S. M. Spencer, Syracuse, N. Y., writes: "I was confined to my bed, with Rheumatism, three months, but, after using a few boxes of Ayer's Pills, became a well man."

CURE COUGT.

S. Lansing, Yonkers, N. Y., writes: "Recommended to me as a cure for chronic Cough, Ayer's Pills have relieved me not only from that trouble but also from Gout. If every victim of the disease would heed only three words of mine, I could banish Gout from the land. Those words would be, 'Ayer's Pills.'"

CURE PILES.

Piles are induced by laxative constipation, debility, indigestion, or a morbid condition of the liver. A cure is best effected by the use of Ayer's Pills. John Lazarus, St. John, N. B., writes: "I was cured of the Piles by the use of Ayer's Pills. They not only cured me of that disagreeable disorder, but gave me new life and health."

Sold by all Druggists.

Prepared by Dr. J. C. Ayer & Co. Lowell, Mass., U. S. A.
